FIRM PROFILE

Snapshot

M.G. Daly & Partners is a dynamic, full-service Law Firm based in Trinidad and Tobago which caters to the needs of local and international clients across a wide range of practice areas. We are committed to maintaining our long tradition of providing our Clients with the expert services and support they require to preserve and pursue their personal and commercial interests. In discharging our obligations to our Clients and other stakeholders, the Firm is guided by its core principles of efficiency, effectiveness and integrity, which are further developed in our statement of business principles.

Our Story

Our Firm was founded by Martin G. Daly S.C., Elton A. Prescott S.C., Reginald T. A. Armour S.C. and Jo-Anne Julien on December 22nd 1986, shortly before the implementation of the “new” Legal Profession Act. That Act came into force on January 1st 1987 and brought with it the “fusion” of the traditional roles of solicitor and barrister into a then-novel professional called an “Attorney-at-Law”. “M.G. Daly and Partners” was structured as a full-service firm of Attorneys-at-Law, the first of its kind in Trinidad and Tobago.

The Firm’s first offices were located at 64-68 Pembroke Street in Port of Spain, from where it rapidly grew in number, size and scope. By February 2nd 1989, the Firm occupied offices at 115A Abercromby Street in Port of Spain, across from the historical Harris Square. The Firm now occupies a modern office building at 121 Henry Street in Port of Spain. Our offices are within walking distance of the Courts, Commissions, Agencies and other public bodies before which our Attorneys-at-Law principally appear, many places of social, cultural and historical significance, public transport networks and financial service centres and providers.

Throughout its history, the Firm has had eight diverse partners with varied backgrounds, interests and associations. Among them, past and present, are members of the Inner Bar, independent Senators, academic faculty members, a Justice of Appeal, members of the Law Association and its various Committees, Commissioners in various public bodies and Board representatives of various public and private companies. The Firm has, over the years, also employed many Associate Attorneys-at-Law of considerable experience and competence who have either entered equity or moved on to have very promising careers both within and outside of the legal profession.

Our People

The Firm's five Partners are highly specialized and experienced in their respective practice areas. We employ several associates, all of whom are well-educated and well-trained to meet the Firm's very high standards.
